

A SNEAK PEAK INTO CORP ONE

BRIEF HISTORY

Corp One is a VERY YOUNG Company, having commenced business only in January 2006! It was started by two first generation entrepreneurs, both of them MBAs from two reputed management Institutes of India, and today comprises of 12 members across three locations, Pune, Mumbai & Tirupur.

BUSINESS

Corp One is in the business of supplying Corporate and Promotional Merchandize to its Corporate Clients. Though, our main product is T-Shirts (Corporate & Promotional T-Shirts). For knowing about other specific products that we supply, please visit our website, www.corponeindia.com.

In the normal functioning of our business, we identify our Clients, contact them, understand their requirements for such merchandize and supply them products customized specifically for them. Ours is a relationship based business, where getting the first order requires patience and perseverance, but once a Client is won, it can give a steady stream of revenue, provided excellent service is provided to them. Thus, we consider ourselves in the business of delivering service, rather than products. And with this very belief, we have grown rapidly in just one year and have some blue-chip names as our esteemed Clients. Please visit our website to know about our Clients.

On the sourcing side, presently, we get the products contract manufactured from a set of selected Vendors in Tirupur (for T-Shirts & Sweatshirts) and Mumbai (for other products). Corp One production team in Tirupur & Mumbai ensures that the consignment is ready in time and manufactured exactly as per ordered specifications. Plans are also underway to get into production, in a limited way, and for specific stages of production, which are crucial for our business.
